***Allowable Subject Matter***

1. Claims 14-33 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 14, the prior art of record does not specifically disclose the step of determining the transmission weighting vector by a matrix product from a noise power matrix, wherein the noise power matrix is a function of a power of an isotropic noise, a power of a downlink interference, and a downlink channel vector, wherein the downlink channel vector representing an angular sampling of a transfer function of the downlink channel in directions covered by the array of antenna.

Regarding claims 15-33, these claims are allowed as being dependent upon independent claim that has been allowed.

***Conclusion***

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
